Respect the Trail

- Be part of the Trails Community, respect the experience of other users if you want them to respect yours.
- Yield the right of way to hikers, bikers, and horses. When passing horses stop your vehicle. Take off your helmet and calmly say hello. Avoid any sudden movements. Let the horse pass. Or if passing a horseback rider, alert the rider to your presence by calmly calling out you wish to pass.
- Keep your speed down to avoid making dust when passing other trails users.
- When in a group, make sure you are not blocking the trail for other users.
- People traveling downhill should yield to those traveling uphill.
- Let others know you are approaching them, especially if from behind.
- If people announce themselves from behind you, move over to the right to make sure they have enough room to get by.
- Keep to the right side of the trail to avoid oncoming trail users.
- Keep to marked trails and tracks and resist the urge to establish new ones without proper planning and authority.
- Park ATV and walk to sensitive, historic, scenic, and cultural areas.
- Participate in trail maintenance . Give back to your trails.
