

All Terrain Vehicle Association of Manitoba Club Update

March 2021

The ATVMB Board of Directors met March 18, 2021

Strategic Priorities Update:

Sustainable Funding

- Nothing new to report. ATVMB will be sending another letter to Government.

Promotion:

- The AMM spring convention will not take place this year, although they are hoping to be able to host the November convention in Brandon.

Club Presidents' Meeting:

- The Club Presidents' Meeting did not take place in March, due to low attendance. There is the possibility that a club presidents ride will take place early in the riding season. Clubs are asked to advise if they would be interested in participating.

ATVMB Annual General Meeting

- A decision has been made to host the 2021 AGM virtually and it will take place Thursday, April 22nd at 6:30 p.m.
- The notice of meeting has been sent to the clubs and the agenda and all supporting documents will follow in a few days, once the year end financial statement has been received.
- It is very important that members participate and we ask that all clubs promote this to their members.
- We are also recruiting for the ATVMB Board of Directors and again, encourage you to put this out to your membership.

Trail Audits:

- Dates TBD. Clubs will be contacted.
