This map is provided for illustrative purposes only showing the ATVMB designated trails maintained by Eastman ATV Association Inc and Woodridge ATV Sandhogs Inc. The map has been created with the best available data at the time of printing. The trail user acknowledges and accepts all limitations, including the fact that the data, information, and maps are dynamic and in a constant state of maintenance, correction and update. Users of this map should be aware that potential hazards and obstructions may exist on the routes shown. This is a two way trail. Please be informed that you are travelling in a Provincial Forest Area that has active logging, therefore, detours may arise and signage will be provided on the trails. The user of this map bears the full responsibility for his or her safety. Please keep the trail clean and use the garbage cans to dispose of your trail garbage. We ask that you respect the trail and the surrounding areas as this is a plantation area and is home to some endangered wildlife.
